"I FEEL THIRTY YEARS YOUNGER SINCE TAKING REESE FORMULA R-11," DECLARES P. S. BUCHANNON OF THE NORFOLK AND WESTERN RAILWAY

Is Able to Come Down Stairs After Taking Half Bottle of R-11. Remarkable Results Obtained Due Solely to the Reese Formula He Says

Mr. P. S. Buchannon, who is connected with the Norfolk and Western Railway and lives on Albermarle Street, Bluefield, W. Va., was laid up with his stomach and after effects of the Flu. He took one bottle of The Reese Formula R-11 and was able to come down stairs and attend to his work.

In a statement Mr. Buchannon tells in detail of the good received from Formula R-11 and his honest opinion of its merits

"I have been suffering from my stomach and general weakened condition brought on by a severe attack of the Flu which I barely survived. My system was so run down that I don't believe I would ever have been well again but for The Reese Formula R-11. I bought a bottle of this wonderful medicine from the Goodykoontz Drug Store and before I had finished the bottle I was able to go down stairs and what is more I feel better than I have for years. Why I feel at least thirty years younger already. There is nothing I can say for The Reese Formula R-11 that is too good for it I know it will help others as it has helped me and I will do all in my power to acquaint all my friends with its merits."

If you wish further information, write direct to our Medical Adviser, Medical Department, The Reese Formula Co., Huntington, W. Va.

The Reese Formula R-11 has been doing for hundreds just what it did for Mr. Buchannon. If you suffer from stomach, liver or kidney trouble, if your system is all run down from the flue, get a bottle of Reese Formula R-11 today from your druggist or from Hennings Drug Store.

CHARLEROI'S GROWTH

According to the official figures of the Census Bureau the population of Charleroi is 11,516 an increase over 1910 of 1,901 or a gain of almost 20 per cent over the former census. Monongahela, in comparison, gained 14 per cent during the past decade thus showing that we have more than kept pace with general conditions. Canonsburg shows a great increase, but when it is taken into account that this muncipality during the past ten years annexed considerable adjacent populous territory, its growth is not so much out of the ordinary.

What we are particularly concerned in is the growth of our own municipality. It has enjoyed a substantial increase during the past ten years, although in all probability we will have to surrender the second pace in the county to Donora, which has had a tremendous expansion during the past five years. However, Charleroi has profited by expansion of mills in adjoining towns and the prospects are that the coming ten years will see even greater and more substantial growth than during the past. A feature that has hurt Charleroi in respect to population is the falling off in building. If residence properties had been available it is safe to assume that the census figures would have gone considerably over the 13,000 figure, but we didn't have the houses. During the next few years this deficiency will likely be remedied, and then Charleroi will take on a new lease of activity which will make a bid for the second town in the county.

THE COAL SITUATION

We have been living so long in a land of plenty so far as bituminous coal is concerned, that we fail to realize at this time that we are suffering from a actual shortage. Not a shortage in distant parts of the country, where coal does not exist, and to which point it has to be shipped, but right here in the Monongahela valley, and in Charleroi.

With thousands of tons going down the valley every day, both by rail and river, the ordinary observer would fee assured that the domestic suppy would be well taken care of, and that any needs, however immediate or remote, would be met without difficulty. And yet how mistaken we are in this assumption. While penty of black diamonds are being shipped through and past our city every day, it is going to fill urgent contracts at other points, and not a pound of it is available for local consumption. We are depending on local production for our daily needs and if for any reason these mines should be shut down it only serves to make the conditions here more acute.

Local industries are compelled to look closely after their fuel needs if they wish to keep in operation, and if their usual source of supply should fail them they have the greatest difficulty in making up this deficiency from other mines. We have been resting in fancied security so long that it is hard for us to realize that our black diamonds, so common and so cheap in the years gone by, have attained to a new dignity and a new level, and that a sufficient supply is hard to secure at times.

Senator Harding will be officially notified of his nomination by the Republicans as their candidate for President on Thursday, July 22. This will officially open the "front porch" campaign, features which allowed both President Harrison and President McKinley when they were candidates to give their views to the voters of the country. Governor Coolidge will receive his notification as a Vice Presidential candidate on the 27th of July.

SUGAR RATIONING FOR CANNING SEASON

A sugar rationing programme to carry the country over the canning and preserving season is being undertaken by the Department of Justice Special Assistant Attorney General A. W. Riley has completed the organization of a national sugar rationing committee which will supervise distribution along priority lines, but on the basis of making the available supply go around for all available needs.

The committee is composed of sugar refiners, sugar importers, representatives of the industries dependent upon a sugar supply and representatives of the Wholesale Grocers Association. This committee will begin to function immediately, but will not be set up with full power under the Lever act for some time yet, or until the work is completely organized.

It was announced at the Department of Justice that a sugar embargo to prevent exportation of sugar from the United States would be recommended by the committee and by the Attorney General as food administrator. Action can be taken, it is stated, under the war powers still resting with the President, through the issuance of a proclamation under the urge of a national emergency.

Facts for Sick Women

Reliable Information

All American women know of the great success of Lydia E. Pinkham's Vegetable Compound in restoring to health women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that all that is claimed for it is absolutely true—if they did, our laboratory would not be half large enough to supply the demand, though today it is the largest in the country used for the manufacture of one particular medicine.

The Facts contained in the following two letters should prove of benefit to many women:

Buffalo, N. Y.—"I suffered with organic inflammation and displacement. When lifting I had such pain and bearing down that I was not able to stand up, and it hurt me to walk or go up or down stairs. I was going to a doctor without any results and he said the safest thing would be to have an operation. I met a lady who told me she had three operations and was not well until she took Lydia E. Pinkham's Vegetable Compound.

I felt relief after taking two bottles of Vegetable Compound and I kept on with it until I was cured. I always use Lydia E. Pinkham's Liver Pills and they are fine. Everything used to turn sour on my stomach and the Liver Pills relieved that."—Mrs. A. Rogers, 593 Fargo Avenue, Buffalo, N. Y.

Sacramento, Calif.—"I had organic trouble and had such terrible pain and swelling in the lower part of my side that I could not stand on my feet or even let the bed clothes touch my side. I gave up my work thinking I would not be able to go back for months. My mother advised me to take Lydia E. Pinkham's Vegetable Compound as it had saved her life at one time, and it put me in a wonderful condition in a couple of weeks, so I can keep on working. I work in a department store and have to stand on my feet all day and I do not have any more pains. I surely recommend your Vegetable Compound to all my friends and you may use these facts as a testimonial."—Benitha J. Parker, 3320 M St. Sacramento, Calif.

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year? To rid the pesky bedbug, you can readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the safest and most economical way to stop future generations of bedbugs, roaches, fleas and ants is to use P. D. Q. discovery "Pesky Devils Quietus "P. D. Q."

A 35c package of P. D. Q. makes a quart, enough to kill a million bedbugs, roaches, fleas and cooties and at the same time destroy their eggs.

Impossible for them to exist when P. D. Q. is properly used. Free, patent spout in every package to get the pesky devils in the hard-to-get-at-places and save the juice.

Special Hospital and Hotel size $2.50 —makes five gallons of P. D. Q.—your druggist has it or can get it for you, or sent prepaid upon receipt of price by the Owl Chemical Co., Terre Haute, Ind. Success of P. D. Q. has caused imitators; genuine P. D. Q. is never peddled.

MARIANNA MERCHANT CHARGED WITH ARSON

Jack Hirsch, a merchant at Cokeburg, has been placed under arrest on a charge of arson made in connection with the burning of the defendant's store on the night of May 30 ast. He waived a hearing and gave $2,000 bail for court. The information was made by John Tomek, of the state poice force stationed at Burgettstown. The Hirsch store, the Owls club buiiding and a dwelling were destroyed by the fire, which is supposed to have been of incendiary origin.

Nick Silver, who was employed as a clerk in the Hirsch store, is under arrest on a charge of arson in connection with the same fire. Hirsch is also charged with having conspired with Silver.

Because of You.

Because of you, is the world any better off? Because—never forget—it's because of you that a great many things in this world are as they are.

Because of you are there more smiles than tears?

Because of you, how many people are going to be glad that this day came around?

Because of you, is the contribution to human character enlarged? Are there people of bigger vision, finer ideals, broader sympathies and more tolerant opinions—because of you? Would things slack up a little if you were to go away—but then grow in power and widened usefulness through the influence you left behind?

Because of you, is there more beauty in human association and more zest for enduring things? Is the day better off and are you glad that it came? —Milwaukee Sentinel.

Achievement Follows Work.

A reasoning age demands respect for the person of others no matter what the sex or social station. It's folly for a man to imagine that he is strangely destined to rank above his fellows. You may be on the road to power, but that will result from fitness rather than from any endowment of divinity. The old idea that nature bestows exceptional gifts upon certain individuals is pretty much fiction. It's nice for the gifted but rather hard on the common, ordinary chap. But experience shows that achievement is a matter of work and not of gift. The world is daily awarding prizes to those who dare to toil to the limit for the sake of winning place. Men who rise to remain leaders are those who fit themselves to hold high station.

Chinese Music Unwritten.

Chinese music is not written. The words of some of the famous songs have been preserved, but the music has been handed down from father to son for generations that go far back before the day of the troubadours. When music is played it is played according to the memory of the musician and his ideas of interpretation. A musician varies the performance as his best judgement dictates, and the strings, reeds or brass may break in at almost any time.

Wash Frocks

Artistically designed summer wash frocks. Captivating! Different! They are just such frocks as discriminating women admire on others, but which they rejoice in selecting for themselves because of the exclusive air about them. Here are a few examples of what you may expect to find: Beautiful styles of Dotted Organdies in dark and light colors, French Voiles in plain and figured designs, pretty styles of French Ginghams, and all are reduced.

Silk Frocks

A sale of silk frocks offering a diversity of styles at reductions of 20 per cent. Beautiful frocks of Tricolette, Taffeta, Foulard, Georgette and Georgette combinations. No two are alike. Individuality predominates. Many are gorgeously trimmed with beads while others are embroidered by hand, some are plain tailored. Because of the extraordinary nature of this selling none of these garments will be accepted for refund or exchange.

Ladies' and Children's Coats 20% Off

All coats have been appreciably reduced. Each and every garment has been lowered in price to affect a substantial saving for its purchaser. As selling will necessarily be brisk early investigation of this offer is advised. Coats of Silvertone, Bolivias, Velours and Polo Cloth. Very smartly styled and tailored. All sizes and colors.

Beautiful Girls

WITH LUXURIOUS, SOFT FLUFFY HAIR

Soon grow from the healthy child who has enjoyed proper parental are.

Care of the young daughter's hair, in this day and age, is very essential to her attractiveness, progress and success in the soon-to-come young womanhood of her life.

Do not destroy her chances in life by hair neglect. Naturally if there is no antiseptic tonic used on the scalp, dandruff germs, which lodge there and which are practically unavoidable, will get a start and destroy hair roots and the small glands which supply color to the hair. This condition means a thin growth of fading, falling hair. As a direct result of this many girls are at a decided disadvantage.

The easiest, cleanest and most satisfactory remedy for guarding against or removing these and other hair troubles is the hair nourishing antiseptic, CRUDOLEUM. It will overcome the dandruff, save the hair and void much future expense and trouble and assure for that daughter of ours the asset and blessing that she is justly entitled to, namely, beautiful, healthy hair.

CRUDOLEUM is endorsed by professionals everywhere and a large bottle is sold at F. J. John's drug store for only 35c. Get a bottle today at F. J. John's; he is authorized to guarantee itto satisfy you. If your druggist does not happen to have CRUDOLEUM in stock, mail as 40s and we will send it to you postpaid. Wm. M. VOLUME XXI—NO. 18 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, FRIDAY, JUNE 25, 1920 TWO CENTS

TEN MORE AUTO OFFENDERS APPEARED BEFORE THE BURGESS

Six Failed to Respond to Summons, while 3 Were Double Offenders

DIFFICULT PRACTICE TO BREAK

Sixteen red tags were turned in by the police on Thursday at the police station, against automobile owners who had allowed their machines to stand on the streets over Wednesday night. Of these sixteen offenders, ten reported when Burgess Woodward opened court, six of them electing to remain away. Of the ten who were present, three had been up the day before for the same offense, but Burgess Woodward took no further action than to discharge them all with a reprimand.

It is not known what will be done with the six who refused to obey the summons, but Chief Albright announced this morning that in the future these who fail to obey the summons of the red tag will be brought into police court on a warrant. And moreover they must bring the red tag with them, otherwise they will be sent back after it.

Local police realize that it wil be a difficult thing to break up the practice of allowing machines to stand on the streets over night, unless there is a determination to supplement the summons with some action with a sting to it. The police are making the drive against cars being parked on the streets after a number of complaints had been filed with the borough authorities, and they feel their work should be backed up in a manner to convince people that the campaign is no pastime.

While it is admitted that the ordinance under which they are working is somewhat drastic in its provisions, yet it suited the time for which it was intended. However, nine years makes a great change in a community, and this has happened in Charleroi, particularly with reference to vehicle traffic. There should be some revision of the measure, and traffic regulations laid down on lines to meet the present-day needs.

HOLD RECEPTION FOR BRIDAL COUPLE

A miscellaneous shower was held last evening in honor of Mr. and Mrs. Bartram Taylor at the home of Mr. Taylor's parents, Mr. and Mrs. Elmer Taylor of Twilight. The evening was pleasantly spent by the fifty guests in games and music, after which a delicious unch was served. Many beautiful gifts were received by the bride, who will be remembered as Miss Inez Milby of Charleroi.

Members of the Anchor Class, Baraca Class, Star Cass, Ladies Aid and all other classes of the Sabbath School and all church organizations of the Christian church are requested to be at the farewell tendered Mr. and Mrs. Newcomer and family at the church tonight at 8 o'clock. 18-t1*

MUST PAY FOR THE CARE OF HIS CHILDREN

Ciro Riile, who was before Justice Whitehead a few days ago on a charge preferred by Chief Albright as humane officer for cruelty to his children, has given up their custody and they will be taken care of by their older sister who lives in Coraopolis. Riile was compeled to sign a $1,000 bond as an evidence of good faith for the maintenance of the children, being required to pay $60 per month to Miss Minnie Richardson as an officer of the juvenile court, which will be used for the care and support of the children.

NOVEL DEFENSE TO REAL ESTATE SUIT

Averring that he was intoxicated when he is alleged to have agreed to sell his house for 3,000, Charles Reed of Charleroi, has filed an affidavit of defense to the suit brought against him by John Jenkins to recover $51.45 expenses, in which he denies the indebtedness. The plaintiff seeks to recover this amount as expenses in securing the loan necessary and in searching the title to the property, which he avers the defendant agreed verbally to sell to him. Reed afterwards refused to sign the deed.

In his affidavit of defense Mr. Reed says that on April 24, 1919, he was intoxicated and has no knowledge of the statements of the plaintiff. As soon as he learned that J. R. Blythe & Sons were trying to sell his property for $3,000 he notified the firm that the place was not for sale. He denies that he agreed to sell at any time, or that he agreed to pay the plaintiff any costs or expenses.

FAREWELL RECEPTION TO MR. NEWCOMER AND FAMILY

The congregation of the First Christian church will tender a farewell reception to Mr. and Mrs. J. E. Newcomer and family, at the church this evening. Mr. Newcomer and his family have been members as well as workers in the church for a number of years, and will shortly leave for their new home on the Pacific coast. Prior to their departure the congregation of which they have been members desire to express their sentiments to them before they go, and this will be done this evening at the church.

The members of the Valley Echo Commandry, Knights Malta and Northern Star Sisterhood Dames Malta will leave on 7 o'clock car for Monessen Sunday evening to attend St. John's Day Service, where other Commanders and Sisterhoods of valley will assemble and take part in this union service. 18-t1*

The members of the Christian church are requested to be on hand this evening at 8 o'clock for the farewell to Mr. and Mrs. Newcomer and family. Refreshments will be served. 18-t1*

Big Appropriation For Lock and Dam at Rices Landing

Col. H. B. Ferguson, United States Engineer in charge of the river improvements in the Pittsburg district received word on Thursday that the war department had approved the request for $500,000 to complete the second lock chamber at Lock No. 6 on the Monongahela river at Rices Landing, including the construction of two guide walls, a total length of 720 feet. Bids for the erection of the gates were opened in the Pittsburg office some time ago. Authority was also given several weeks ago for the construction of the dam, and it is expected that work will begin within a short time.

The new chamber constructed at No. 6 has been in successful operation for the past four years, having been opened at the time Col. Jodwin was in charge of the local rivers. Since that time rivermen have been advocating an increase of facilities because of the delay in locking boats and their tows up and down stream. There are many large mines south of Lock No. 6 and in order for them to reach their proper development it will be necessary to give larger shipping facilities for their output. The Carnegie Steel company obtain large quantities of the coal supply from the sixth and other pools to the south, but they are handicapped, as well as other shippers by the inadequate facilities at Lock six.

BURIED WITHOUT BEING IDENTIFIED

The body of Frank White, riverman, drowned off the steamer J. C. Richer on Saturday last, was buried Thursday evening from the undertaking rooms of Lawrence E. Frye in the Charleroi cemetery. No identification had been made by his former employers, and apparently no attempt was made to do so. Mr. Frye was in communication with Coroner Greenlee, who advised him to bury the body, which was done. Coroner Greenlee will get in communication with a Mrs. Ryan of Fall River, Mass., in the hope of securing some other information concerning the man. It is believed she is a sister of the deceased.

It is intimated that White was not the real name of the dead man, but that he was working under an assumed one, at least it was reported that a companion who worked with him on the steamboat had so informed the coal company.

MORE TROUBLE IN STORE FOR RIILE

Ciro Riile is not yet over his difficulties in a legal way, as he was summoned by Constable Corey this morning to appear before Justice Whitehead this evening to answer to a charge of malicious mischief.

Following the case instituted against him for inhuman treatment to his children he went back home and erected a barricade in front of a window in the Baker home immediately adjoining his property. Two heavy posts were set in and a piece of sheet iron nailed over them in such a way as to shut off a great deal of the light and ventilation which the window provided. As soon as he had completed the job Mrs. Elizabeth Baker appeared before Justice Whitehead and made an information against him for malicious mischief. The question at issue will be given a hearing this evening.

MISS HAYDEN THE BRIDE OF RAY SIDNEY REWBRIDGE

Thursday evening at six o'clock the marriage of Miss Margaret Jayne Hayden and Ray Sidney Rewbridge was solemnized at the home of the bride's parents, Mr. and Mrs. D. G. Callihan, Washington avenue, with Rev. Dr. J. B. Taylor officiating. The bride wore a gown of white taffeta and carried a shower of lillies of the valley and sweetheart roses. The bride's attendants were Miss Myrrel E. Hayden, who wore a gown of apricot organdie and carried a bouquet of garden flowers, and Miss Harriette Wilson, who wore a gown of orchard taffeta and carried a bouquet of white roses. Howard Korb served as best man. Immediately following the reception the bride and groom left on an eastern wedding trip. They will be at home after September 1st in Woodlawn, Pa.

COAL TONNAGE AWAY BELOW ACTUAL NEEDS OF COUNTRY

Famine Is Threatened In Certain Sections Unless Conditions Improve

STRIKES IMPORTANT FACTOR

The unauthorized railroad strikes threaten many sections of the country with a coal famine next winter, officials of the government at Washington declared on Thursday.

The country is already 35,000,000 tons of bituminous coal behind its normal production, due to the recent "outlaw" railroad strike, according to J. D. A. Morrow of the National Coal Association.

Government reports show that production has been rapidly climbing in the past few weeks, but this upward trend will be halted unless cars can be sent to the mines.

The New England states and the northwest would be the chief sufferers from a winter coal shortage and the Interstate Commerce Commission has issued priority orders to meet the present situation. These orders will lose much of their effect, however, if the railroad strikes spreads to any great degree. It is true that many points are not affected at the present time, but several big yards in the east are tied up at the present time, which makes the movement of trains very difficult.

The placement of cars at the mines along the Monongahela Division of the P. R. R. apparently is almost up to normal, and heavily laden coal trains have been a very common sight during the week. It is anticipated the order to prefer coal mines in car assignments will affect the output of coke, but the demand for coal is so insistent and the shortage so great that officials feel fully justified in coming to that decision. There is no trouble to sell the coal; the greatest difficulty these days is to secure a sufficient supply to meet every-day needs.

Usually the summer months have been very productive in the way of coal tonnage, but unless there is a radical change in conditions very soon, some parts of the country will experience a fuel famine next winter.

POLICE CLEAR UP ROBBERY AT MONACKS

The robbery of the Monack warehouse Tuesday night, which was reported on Wednesday, was cleared up on Thursday by Chief Albright and Officer Murphy. Three boys living in the vicinity of Tenth street were apprehended for the theft, and confessed to having entered the building and taking some of the fruit. A portion of the booty taken was recovered by the police. The boys said they gained admittance to the building by climbing to the roof and then going down the elevator shaft.

ARREST "CONFIDENCE" PAIR AT MARIANNA

A couple of Russians said to hail from Chicago, Julius Beeri and Adam Haldaiovech, and evidently confidence men, were arrested at Marianna on Thursday by Chief of Police C. W. Betts on a charge of counterfeiting. The men had in their possession a number of bright new paper bills and a machine for making money which they were trying to dispose of to some "sucker."

A United States deputy marshal who happened to be in Marianna at the time, assisted in the examination of the men and decided that they were not counterfeiters but simply "con" men looking for victims, but were apprehended before they had caught any. They were discharged with a warning to get out of town as soon as possibe.

PREDICT DROP IN PRODUCE PRICES

According to a statement made in a Pittsburg newspaper this morning produce is plentiful and there promises to be a drop in prices in the near future. An over supply of onions is reported in the Pittsburg produce yards, which are being sold from 50 cents to $1 per crate, but so far the public has not benefitted to any great extent. It is said that hucksters have bought up large quantities of these onions and are retailing them from their wagons at 8 and 10 cents a pound. Potatoes are also said to be due for a lowering of price, and it is predicted by some that tubers will go to $2 per bushel within a short time. All of which is cheerful information and people hope it will be verified.

CHARLEROI ITALIAN HELD FOR MURDER

Samuel Cuda, of Charleroi, was held by an Allegheny county coroner's jury on Thursday for the murder of Joseph Greco, aged 30, of No. 10 Boyd street, Pittsburg. Cuda is alleged to have stabbed his victim on the streets of Pittsburg on May 30. A blackhand feud is said to have been the cause of the killing.

WILL NOT DEDICATE ON THE FIFTH OF JULY

Monongahela citizens will not dedicate their soldiers' monument which stands in front of city hall in that municipality on the 5th of July, as previously hoped for. It was the original intention to dedicate the memorial on the 30th of May, but the big bronze figure of Winged Victory was not complete and the dedication was delayed. July 5th was then fixed as the date, but a telegram last week from the Cleveland firm having the contract said it would be impossible to complete the figure by that time. The committee was therefore compelled to postpone definitely the date of dedication, although it is intimated that it may be some time in September.
